PRESIDENT'S MESSAGE

Well we had a good time at the meet in November at the home of the Shannon's. Wasn't a lot there, but those who were there had a good time. Dicky Shannon took us over to his Dad's Garage and showed us his Dad's street rod him and his dad is building. (It's a Model A) We told Dicky he should be building a FALCON street rod, or at least use a Falcon engine in it. We all had a wonderful time at the Shannon's and would like to thank them again for having all of us. Hope that Dicky and Mary will invite us again sometime.

I now have the 5th Falcon setting in my yard, don't know what I'm going to do when the city gets me. My lastest is a Long Dream of a 1966 Ranchero. It's a Ranchero Deluxe with 6 cylinder. I've been looking for a rust-free one for sometime and now I have it. Guess I also have a project for next summer.

Well I'll close with a wishing all of you a MERRY CHRISTMAS AND A HAPPY NEW YEAR.

President, FCA
Roy E. Sword

Business Meeting Con'd

The old business discussed was the By-Laws, which Roy and others are working on and as soon as they are ready, a copy will be sent to everyone. Roy, also, mentioned that the printing was higher this time because of having the National Meet Booklets printed, which everyone seemed to enjoy receiving.

The new business discussed was getting ready for the National Meet next year, which will be held at the Holiday Inn on Lake Hamilton in Hot Springs, Arkansas August 14 and 15, 1981. All ideas for making it bigger and better are welcomed. Some ideas were discussed. If you have any, please send them to Roy.

The club is now the proud owner of Shop Manuals for 1965 through 1970 Falcons. If you need help, call Roy

We now have 554 members in the Club.

Since there was no other business to be discussed, Mr. Williams made a motion the meeting be adjourned, Dickey Shannon seconded. Motion carried.

MEET REPORT 11-15-80

This time of year it is hard to have a car meet. The weather is cold and sometimes bad. But it is still nice to get together and enjoy talking to each other about our Falcons.

Even the Ladies enjoy exchanging recipes. That is why we appreciate people like the Shannons. They opened up their home and really made everyone Welcome. They served punch & snacks.

Then later in the evening Everyone went out for Dinner. The food was very good and everyone enjoyed each others company. If you were not there you really missed a very nice meet.

LETTERS TO THE EDITOR

Dear Sir

I have just joined this club in Oct, and thought the two news letters I have received, you have covered most of the problems I had with parts for my 1963 Futura 2 Door Hardtop.

We have in our area several Falcon's from 60-65. Sedans, Hardtops and Convertibles for parts. If I can help anyone on body parts or trim please let me know.

Jack L. Pope (FCA-504)

Dear Roy & All Club members.

I just wanted to drop a short note to say I sure wich I could have gone to the 1st Annual National meet but it just wasn't possible However I sure enjoyed the booklet you sent out and hopefully our Falcons will be there next year. I just can't believe myself how quick the club has grown, and I'd just like to say you-all deserve quite a hand for all your hard work.

Hope to see you next summer, keep up the great job and God bless you all.

Sincerly
Milt & Phyllis Robar

Letters to the Editor should be sent to the Editor and marked "For the FALCON NEWS".

BELIVE IT OR NOT?????

How would you feel if you had gone out for the evening, had a real nice time and was on your way home. It was late, the children were tired and you are going down a normal highway in a strange place, Then all of a sudden the car turns and you are going down a dark, dark muddy road and its raining.

CON'T

Well you grab your seat then, lock the doors and tell the Kids to sit real still thinking you will see a light or get back on a regular street pretty soon, you think this can't last much longer. Then you get scared, Oh what if we break down.

Then you ask the driver where are we, How are we going to get out of here? You still haven't seen any sign of life and its darker and darker and the rain is getting harder.

Then you are told by the driver that we are going to look for a Falcon. I said OH your kidding, even a Falcon wouldn't be down here, But after what seemed like forever there it was. A Falcon.

Well we knew by this time we were being driven by a real Falcon nut. But finding it wasn't enough, The nut got out and went up to a house (The only one) and ask could he buy their Falcon Ranchero. Well they said YES and we were blessed with one more Falcon.

Wouldn't you sell about anything if a nut came to your house when you thought you were hid from ever one in the middle of the night.

Lucky to Be Back
Pat Sword

INFO TO MEMBERS:

I would like to inform Clum members who might not be aware of the change Ford Motor Co. made in Clutch housings on 289 engines in Jan 1965. Beginning in that month all small block bell housings were changed from a 5 bolt engine mount pattern to a 6 bolt pattern.

Also 3 spd and 4 spd mount patterns were changed from a narrow "H" type bolt patterns to an "X" pattern. All manual transmissions, excluding those for 6 cyl application, were drilled for both patterns from 1-65.

According to a Ford representative this change was made to "promote more strength in the mount areas and allow for more flywheel and clutch assy clearance". Be sware club members because this can cause problems especially in the 65 model year. Check your build dates carefully. Dave Jones FCA-528

65/66 Mustang door handles (outside) fit 63 Falcon Converts and 2dr H/T. use the mounting screws from the Falcon. Mounting pads are also the same. I've used them on my 63 for four years now. Also 65/66 Mustang standard seat belts both, Front and Rear work well in Falcons, and are close to original in style. A replacement for a Sprint strg wheel that can't be repaired is an early Mustang standard strg wheel painted with ginger brown metallic (1971 Ford car/truck color) It is a close match. The Mustang glove box lock (still available from ford) fits the 63 Falcon glove box and console. Louis Ironside FCA-420

"OLD CAR" Volume 4, Number 3 May 1978 has two articles on Falcon's. Pages 16 thru 19 are very good information, also pages 56 & 57 have a very nice color shot...P.A. Strauss FCA-547

Q & A

Q. Do you happen to know if a Sport Futura Convertible and a Sprint Convertible have different body codes or the same?

A. Both are the same.
